4. DUTIES

- 4.1 Corporation Members are in the position of charity trustees and as such owe a fiduciary duty to the College. This means that they should show it the highest loyalty and act in good faith in its best interests. Each Corporation Member should act honestly, diligently and (subject to the provisions appearing in clause 10 of this Code relating to collective responsibility) independently. The actions of Corporation Members should promote and protect the good reputation of the College and the trust and confidence of those with whom it deals.
- 4.2 Decisions taken by Corporation Members at meetings of the Corporation and its Committees must not be for any improper purpose or personal motive. Decisions taken must always be for the benefit of the College, its students and staff and other users of the College and must be taken with a view to safeguarding public funds. Accordingly, Corporation Members must not be bound in their speaking and voting by mandates given to them by other bodies or persons (including the bodies that elected them).
- 4.3 Corporation Members must observe the provisions of the College's Instrument and Articles of Government and in particular the duty to give immediate notice to the Clerk should they become disqualified from continuing to hold office and also the responsibilities given to the Corporation by the College's Articles of Government. Those responsibilities, including a list of "reserved" responsibilities which are so important that they must not be delegated, are set out in Schedule 4.
- 4.4 Corporation Members should comply with the Standing Orders and Terms of Reference of the Corporation and its Committees to ensure that the Corporation conducts itself in an orderly, fair, open and transparent manner. Corporation Members must keep those Standing Orders and Terms of Reference under periodic review.

- 4.5 Corporation Members should also have regard to the different, but complementary, responsibilities given to the Principal as the College's Chief Executive. The responsibilities given to the Principal by the College's Articles of Government are set out in Schedule 4. Whereas it is the Corporation's function to decide strategic policy and overall direction and to monitor the performance of the Principal and any other senior postholders, it is the Principal's role to implement the Corporation's decisions, and to manage the College's affairs within the budgets and framework fixed by the Corporation. Corporation Members should work together so that the Corporation and the Principal as Chief Executive perform their respective roles effectively.
- 4.6 Corporation Members should refer to the Clerk for advice relating to the governance functions which are set out in Schedule 4 and have regard to the Clerk's independent advisory role.

5 STATUTORY ACCOUNTABILITY

- 5.1 Corporation Members are collectively responsible for observing the duties set out in the Conditions of Funding Agreement which the College has entered into with the ESFA as a condition of receiving public funds. A brief summary of the ESFA's funding framework is set out in Schedule 5.
- 5.2 Although the ESFA is the main provider of funds to the College, Corporation Members should note that they are also responsible for the proper use of income derived from other sources, such as the Office for Students (OfS) and the European Union (EU) and for the control and monitoring of expenditure of such income, in order to meet the requirements of the relevant funding body and public audit. Where funding is received directly from OfS the College will have a funding agreement with OfS, as set out in the OfS's terms and conditions of funding, which confirms the basis on which such funding is provided. Where OfS funding is received indirectly via a collaboration with an OfS funded institution such funding will be subject to obligations contained in the memorandum of co-operation between the College and that institution.
- 5.3 As accounting officer for the ESFA, its Chief Executive is directly responsible and accountable to Parliament for ensuring that the uses to which the ESFA puts its funds are consistent with the purposes for which the funds were given and comply with the conditions attached to them. The Principal, as accounting officer for the College, is also directly responsible and accountable to Parliament through the Committee of Public Accounts, for the effective stewardship by the College of public funds. The Principal may be required to appear before the Committee of Public Accounts alongside the ESFA's Chief Executive, to give an account of the use made by the College of such funds. The Corporation is accountable to Parliament for ensuring the financial health of the College, and to the Courts for ensuring that the College is conducted in accordance with the Education Acts and the general law.

6 PUBLIC SERVICE VALUES

- 6.1 Although further education corporations are classified as part of the private not for profit sector for government accounting purposes, they remain public bodies in many legal contexts. In particular, public service values are at the heart of the further education service. High standards of personal and corporate conduct, based on the principles set out in Schedule 2, and the recognition that students and other users of the College's services come first, are a requirement of being a Member, and should underpin all decisions taken by the Board.

7. SKILL, CARE AND DILIGENCE

- 7.1 A Corporation Member should in all their work for the College exercise such skill as they possess and such care and diligence as would be expected from a reasonable person in the circumstances. This will be particularly relevant when Corporation Members act as agents of the College, for example, when functions are delegated to a Committee of the Corporation or to the Chair. Corporation Members should be careful to act within the Terms of Reference of any Committees on which they serve.

8. POWERS

- 8.1 Corporation Members are responsible for taking decisions which are within the powers given to the Corporation by Parliament under Sections 18 and 19 of the Further and Higher Education Act 1992, as amended. A summary of those powers is set out in Schedule 6. If a Corporation Member thinks that the Corporation is likely to exceed its powers by taking a particular decision, they should immediately refer the matter to the Clerk for advice.

9. CONFLICTS OF INTEREST

- 9.1 Like other persons who owe a fiduciary duty, Corporation Members should seek to avoid putting themselves in a position where there is a conflict (actual or potential) between their personal interests and their duties to the Corporation. They should not allow any conflict of interest to arise which might interfere with the exercise of their independent judgement.
- 9.2 Corporation Members are reminded that under the College's Instrument of Government and the general law they must disclose to the Corporation any direct or indirect financial interest they have, or may have, in the supply of work to the College or the supply of goods for the purposes of the College, or in any contract or proposed contract concerning the College, or in any other matter relating to the College or any other interest of a type specified by the Corporation in any matter relating to the College, or any duty which is material and which conflicts or may conflict with the interests of the Corporation.
- 9.3 If an interest of any kind (including an interest of a spouse, partner or business associate of a Corporation Member or of a close relative of the Corporation Member or his/her spouse, partner or business associate) is likely or would, if publicly known, be perceived as being likely to interfere with the exercise of a Corporation Member's independent judgement, then:-
- 9.3.1 the interest, financial or otherwise, should be reported to the Clerk;
- 9.3.2 the nature and extent of the interest should be fully disclosed to the Corporation before the matter giving rise to the interest is considered.
- 9.4 If the Corporation Member concerned is present at a meeting of the Corporation, or any of its Committees, at which such supply, contract or other matter constituting the interest is to be considered, s/he should:
- 9.4.1 not take part in the consideration or vote on any question with respect to it and shall not be counted in the quorum for that meeting; and
- 9.4.2 withdraw from that Corporation or Committee meeting where required to do so by a majority of the Members of the Corporation or Committee present at the meeting.
- 9.5 For the purposes of clause 9.3 'close relative' includes but is not limited to a father, mother, brother, sister, child, grandchild and step-father/mother/brother/sister/child.

- 9.6 Where it is proposed that the Corporation should grant a member a financial interest (such as a contract for the supply of goods or services) the Corporation must observe the requirements of the Charities Act 2011. The Corporation may wish to take legal advice before granting such an interest to a member.
- 9.7 Corporation Members must not receive gifts, hospitality or benefits of any kind from a third party which might be in breach of the Bribery Act 2010 and the College's Anti-Bribery Policy or be seen to compromise their personal judgement or integrity. Any offer or receipt of such gifts, hospitality or benefits should immediately be reported to the Clerk.
- 9.8 The Clerk will maintain a Register of Corporation Members' Interests which will be open for public inspection. Corporation Members must disclose routinely to the Corporation all business interests, financial or otherwise, which they or persons associated with them may have, and the Clerk will enter such interests on the Register. Corporation Members must give sufficient details to allow the nature of the interests to be understood by enquirers. Corporation Members should inform the Clerk whenever their circumstances change and interests are acquired or lost. In deciding whether an interest should be disclosed, Corporation Members should have regard to the meaning given to 'interest' in clauses 9.2 to 9.4 of this Code.

10. COLLECTIVE RESPONSIBILITY

- 10.1 The Corporation operates by Corporation Members taking majority decisions in a corporate manner at quorate meetings, including meetings held by telephone or video-conference and by alternate methods such as written resolutions, in all cases only if so provided for in the Instrument and Articles. Therefore, a decision of the Corporation, even when it is not unanimous, is a decision taken by the Corporation Members collectively and each individual Corporation Member has a duty to stand by it, whether or not they were present at the meeting of the Corporation when the decision was taken.
- 10.2 If a Corporation Member disagrees with a decision taken by the Corporation, their first duty is to have any disagreement discussed and minuted. If the Corporation Member strongly disagrees, they should consult the Chair and, if necessary, then raise the matter with the Corporation when it next meets. If no meeting is scheduled, the Corporation Member should refer to the power of the Chair or of any five Corporation Members under the College's Instrument of Government to call a special meeting and, if appropriate, exercise it, requesting the Clerk to circulate the Corporation Member's views in advance to the other Corporation Members. Alternatively, as a final resort, the Corporation Member may decide to offer their resignation from office, after consulting the Chair.

11. OPENNESS AND CONFIDENTIALITY

- 11.1 Because of the Corporation's public accountability and the importance of conducting its business openly and transparently, Corporation Members should ensure that, as a general principle, students and staff of the College have free access to information about the proceedings of the Corporation. Accordingly, agendas, minutes and other papers relating to meetings of the Corporation are normally available for public inspection when they have been approved for publication by the Chair.
- 11.2 There will be occasions when the record of discussions and decisions will not be made available for public inspection, for example, when the Corporation considers sensitive issues or named individuals and for other good reasons. Such excluded items will be kept in a confidential folder by the Clerk, and will be circulated in confidence to Corporation Members save for those Members who have a conflicting interest in the

particular sensitive matter. Some confidential items are likely to be of a sensitive nature for a certain period of time only (for example information relating to a proposed commercial transaction or a collaboration with another institution). The Corporation should specify how long such items should be treated as confidential or, if this is not possible, such items should be regularly reviewed to consider whether the confidential status should be removed or whether the public interest in disclosure outweighs that confidential status and the item made available for public inspection. The Corporation Members must also consider the personal data that is contained within the excluded items in accordance with the Corporation's obligations under the General Data Protection Regulation 2016 and the Data Protection Act 2018 ("Data Protection Laws") and whether or not disclosure of that personal data would be in breach of the Data Protection Laws or the rights and freedoms of the individual(s) in question. When considering such issues the Corporation Members must also consider the College's publication scheme issued under the Freedom of Information Act 2000 and the Environmental Information Regulations 2004. Nothing in this section overrides the College's obligation to disclose in response to a request received under these information law regimes (unless an appropriate exemption applies in each case).

- 11.3 Staff and Student Corporation Members have, however, no right of access to minutes dealing with matters in respect of which they are required to withdraw from meetings under the College's Instrument of Government.
- 11.4 It is important that the Corporation and its Committees have full and frank discussions in order to take decisions collectively. To do so, there must be trust between Corporation Members with a shared corporate responsibility for decisions. Corporation Members should keep confidential any matter which, by reason of its nature, the Chair or the Members of any Committee of the Corporation are satisfied should be dealt with on a confidential basis.
- 11.5 Corporation Members should not make statements to the press or media or at any public meeting relating to the proceedings of the Corporation or its Committees without first having obtained the approval of the Chair, or in their absence, the Vice-Chair. It is unethical for Corporation Members publicly to criticise, canvass or reveal the views of other Corporation Members which have been expressed at meetings of the Corporation or its Committees.

12 **COMPLAINTS**

- 12.1 In order to ensure that the affairs of the College are conducted in an open and transparent manner and that the College is accountable for its use of public funds but also to its employees, its students and the community it serves, it is important for there to be appropriate complaints procedures in place and for these to be well publicised. Corporation Members are reminded of their specific responsibility under the Articles of Government to make rules specifying the procedures in accordance with which employees may seek redress of any grievances relating to their employment, of the importance of having formal complaints procedures in place to handle issues raised by students, former students and third parties and of the legal requirement to have a whistle blowing procedure in place.
- 12.2 Under the ESFA's Conditions of Funding Agreement with colleges (clause 15.3), students, employers and other third parties have a right to make a complaint to the ESFA in respect of the College or of any of its decisions, and this right is referred to in the College's relevant complaints and disciplinary procedures. Corporation Members in particular are reminded that under the ESFA's procedure for dealing with complaints about post 16

education and training provision funded by the ESFA (November 2018) the ESFA can investigate complaints about:

- 12.2.1 quality, management or experience of education and training;
- 12.2.2 undue delay or non-compliance with published complaints procedures;
- 12.2.3 poor administration;
- 12.2.4 the quality of assessments;
- 12.2.5 equality and diversity issues (except where there is a more appropriate mechanism for dealing with the matter through the courts or tribunals or other organisations);
- 12.2.6 advanced learner loans;
- 12.2.7 apprenticeship providers from employers; and
- 12.2.8 from employers, parents or other third parties on behalf of apprentice(s).

12.3 The ESFA will not investigate complaints about:

- 12.3.1 issues that are more than 12 months old (except for exceptional cases related to advanced learner loans);
- 12.3.2 examination results, grades, marks, assessment outcomes or curriculum content;
- 12.3.3 individual employment issues;
- 12.3.4 governor or other voluntary employment issues;
- 12.3.5 contractual or commercial disputes or arrangements;
- 12.3.6 disputes between an employer and a provider in relation to the apprenticeship levy;
- 12.3.7 matters which are the subject of legal action or matters that are better investigated by the police;
- 12.3.8 the cancellation or reimbursement of advanced learner loans (which should be referred to the student loan company);
- 12.3.9 claims for compensation, a refund of fees or costs incurred when a learner has to transfer to another provider;
- 12.3.10 issues classed as serial;
- 12.2.11 allegations of fraud, financial irregularity, whistleblowing and allegations of incentives and inducements; and
- 12.2.12 safeguarding concerns.

12.4 Complaints made by learners following HE courses in FE colleges are directed to the Office of the Independent Adjudicator for HE.

13 **ATTENDANCE AT MEETINGS**

- 13.1 A high level of attendance at meetings of the Corporation is expected so that Members can perform their functions properly. Membership of at least one standing Committee of the Corporation is normally part of a Corporation Member's commitment and regular attendance at meetings of the Committee is also expected.

Corporation Members are expected to thoroughly prepare for meetings of the Board and its Committees and should acknowledge that this may involve additional visits to the College.

14 **GOVERNANCE DEVELOPMENT**

- 14.1 The Corporation shall seek to ensure that all Corporation Members are appointed on merit, in accordance with an open selection procedure carried out by the Corporation's Search Committee, and are drawn widely from the community which the College serves so as to be representative of that community. The Corporation should have regard to the provisions relating to the membership of the Corporation in the College's Instrument of Government, the need to combat discrimination and to promote equality, and the need to make available a range of necessary skills and experience to ensure that the Corporation carries out its functions under the College's Articles of Government.
- 14.2 Corporation Members must obtain a thorough grounding in their duties and responsibilities by participating in the College's governance induction and training programmes, including regular refresher workshops.
- 14.3 In order to promote more effective governance, Corporation Members will carry out an annual review of the performance by the Corporation of its duties and responsibilities, as part of a continuing and critical process of self-evaluation.

**Farnborough College of Technology
Governor Recruitment Policy**

1. General

1.1 The Corporation Board appoints all Governors with the exception of those appointed by the Secretary of State through the application of his/her statutory powers.

1.2 As stated in the Standing Orders of the Corporation '*The Search Committee appointed by the Corporation shall be charged with identifying and advising on appointment of new members*'.

1.3 The Corporation Board recognises that a diverse Board provides a richer perspective with a breadth of experience, skills and competencies which enables better decision making and promotes better understanding of learner, staff and community needs. Search Committee will endeavour to monitor the skills base of the Corporation Board to ensure that it is balanced in terms of expertise, and as far as is reasonably practicable, that it reflects the composition of the local community regarding gender, ethnicity, age and other protected characteristics.

2. Recruitment

2.1 Search Committee will maintain a Vacancy List to assist in the identification of suitable candidates. The Vacancy List will consist of immediate vacancies and horizon scan forthcoming vacancies. Each vacancy will include the desired skill set and expertise, with reference to vacancies on sub-committees. The Vacancy List will be reviewed at each Search Committee meeting and reported to the Board.

2.2 To attract a wide field of candidates a variety of recruitment methods will be deployed. Existing Corporation Board members are encouraged to bring a vacancy to the attention of any persons they think may be suitable for consideration.

2.3 The Clerk to the Corporation will send an information pack to interested applicants consisting of the College application form, Skills Audit Form, Governor role description, broad criteria for appointment as a Board member, and details of the current membership of the Board.

2.4 Applicants will be required to complete and return the College application form and skills audit forms and may also submit their CV.

2.5 Applications received from potential candidates will be circulated by the Clerk via email to Search Committee members. If two or more members of Search Committee agree the candidate will progress to the selection process.

2.6 The selection process will consist of an interview with at least two Search Committee members. The Chair of Corporation and Principal will also be invited to attend. Following that interview a majority decision will be taken to either:

- Recommend for immediate appointment
- Hold until an identified vacancy arises
- Decline

The Vacancy List would then be updated accordingly.

2.7 The choice of preferred candidate would be made on the basis of best meeting the needs of the Corporation Board so that it has the capacity to carry out its duties and responsibilities effectively and efficiently. Within this overall aim it is also desirable to achieve a balance of relevant skills, experiences, gender, ethnicity, age and backgrounds across the Corporation Board.

2.8 If the interview panel recommend the applicant's immediate appointment then the Clerk will email all members of Search Committee to inform them of this and allow opportunity for any questions or discussion via email.

2.9 Search Committee will make recommendations on all appointments to the Corporation. Prior to the next Board meeting the Clerk will email the applicant's paperwork to all Board members in order to allow full Board scrutiny of Search Committee's recommendation. Any issues raised at this stage would be discussed by the Chair of Corporation, the Principal, Chair of Search and the Clerk. Assuming that all is in order then a paper recommending the appointment would go forward to the next Board meeting which the applicant would be invited to attend.

2.10 A flowchart setting out the process for recruiting external Governors is attached at the end of this document.

3. Skills Audit

3.1 To ensure that the Corporation Board is given the most effective advice on the appointment of Governors and succession planning, an important function of the Search Committee is to monitor the skills base and composition of the Corporation Board to ensure that it is balanced in terms of expertise, as well as reflecting the gender, ethnicity, cultural, age and protected characteristics balance of the community served by the college. A regular Skills Audit will therefore be required to be undertaken by Search Committee.

4. Expiry of the term of office of an existing Governor

4.1 The Vacancy List received by Search Committee will contain the name of any Governor whose term of office is nearing its expiry. This will enable the Committee to report to the Corporation Board before the term of office expires. When the Governor under consideration is a member of the Search Committee that Governor shall withdraw from that part of the meeting and take no part in the decision or voting in relation to his/her future membership of the Board.

4.2 Search Committee will consider whether to make a recommendation to Corporation Board to re-appoint based on:

- Whether the skills and experience of the Governor are still required
- Whether it would be appropriate to take the opportunity to refresh the range of skills and experience available to the Corporation Board
- The Governor's contribution and commitment to the Corporation Board's work
- The length of the Governor's previous service to the Corporation Board.

5. Appointment

5.1 The Corporation will consider the recommendations from the Search Committee and make appointments and confirm the period of membership.

6. Induction Procedures

6.1 The Clerk will undertake initial compliance checks on a newly appointed Governor to include:

- DBS disclosure
- Eligibility to be a Member of the Corporation
- Declaration of interests
- Code of Conduct

6.2 At the first meeting of a sub-committee and Corporation the new Governor will be welcomed. If appropriate a 'buddy' may be appointed linking the new Governor with a more experienced Governor.

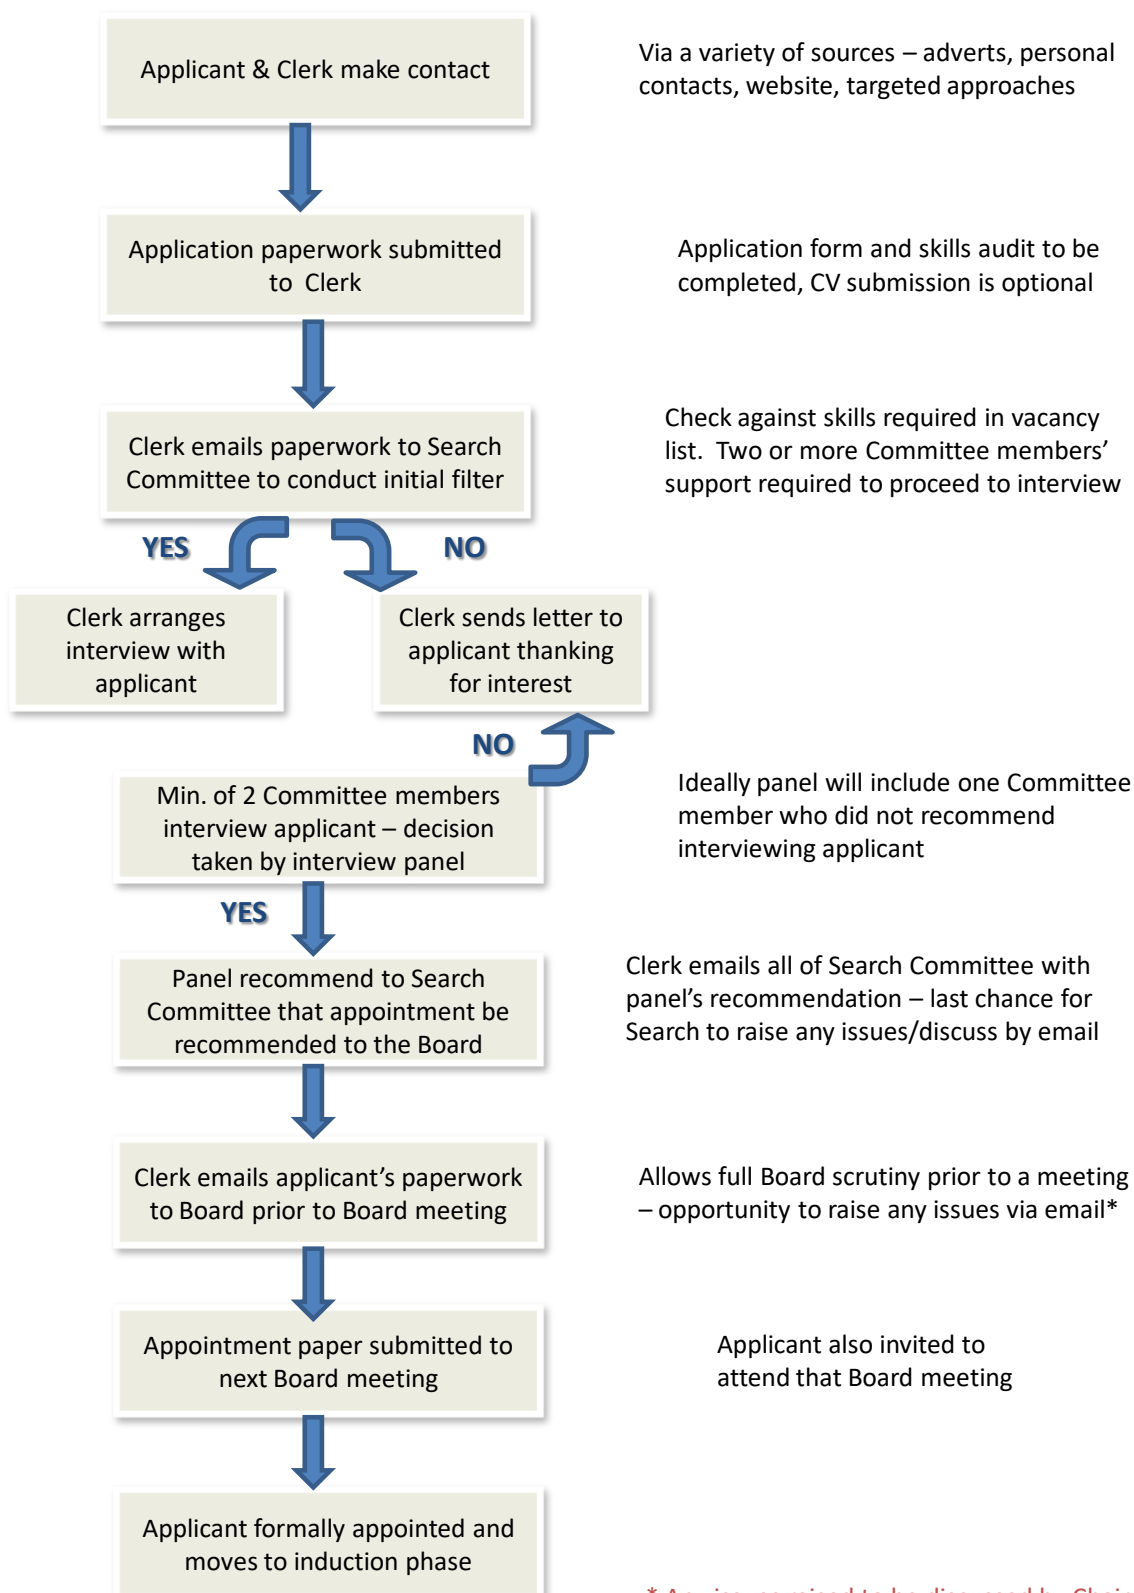

6.3 An induction pack containing the following electronically (or hard copy on request) will be provided:

- Instrument and Articles
- Standing Orders
- Committee Terms of Reference
- Code of Good Governance for English Colleges
- Calendar of meetings
- Contact details for Corporation Board
- Governor Biographies
- Governor's Handbook
- Strategic Plan
- Ofsted Report
- Financial Regulations
- Latest accounts

7. Governors' Training

Arrangements for training of Governors will be as prescribed by the Corporation to include in-house, on-line and external training sessions.

COMPLAINTS AGAINST THE CORPORATION, BOARD MEMBERS AND THE CLERK

1. A complaint against the Corporation, a Board Member (including the Principal/Chief Executive if the complaint relates to his/her role as a Board Member) or the Clerk to the Corporation may be made by an individual or an organisation in relation to his/her or their dealings with the College. Complaints must relate to:
 - the performance by the Corporation, a Board Member or the Clerk of the functions respectively allocated to them under the Articles of Government of the College; and/or
 - the exercise by the Corporation of its powers; and/or
 - any other alleged breach or non-observance of the duties of the Corporation, individual Board Members or the Clerk under the Instrument or Articles of Government of the College, its Code of Conduct for Board Members or the ESFA Financial Memorandum or EFA Funding Agreement.

All complaints should be made in writing, identifying the complainant¹ and addressed to the Clerk to the Corporation (save where the complaint is in relation to the Clerk in which case it should be addressed to the Chair of the Corporation) at the College's address.
2. The complainant will be expected to state clearly the nature of and grounds for the complaint (see paragraph 1 above) and if appropriate provide copies of any related documentation. The complainant should also state the remedy he/she is seeking. It is not possible for a complainant to seek the disciplining of a member of staff or the removal of a Board Member or the Clerk since these are decisions for the Principal/Chief Executive of the College and the Corporation respectively in accordance with the Instrument and Articles of Government of the College.
3. The Clerk to the Corporation/Chair of the Corporation will:
 - acknowledge receipt of the complaint within seven working days; and
 - refer the complaint to one or more of the following for investigation: the College's Audit Committee; one or more Board Members; a person (nominated by an external sector body) who has substantial experience of college governance (provided in each case that they have not been involved in the matters subject to the complaint).

1 Where the complainant has indicated that he/she wishes to remain anonymous he/she should be warned that in order to take effective action in respect of the complaint it may be necessary to reveal his/her identity on a "need to know" basis during any investigation. Where a complaint is received anonymously, it will not be appropriate to ignore such correspondence. Steps should normally be taken to establish whether, on the information available, a problem can be identified. If a problem is identified, remedial action should be taken. It may, however, be difficult to carry out a more detailed enquiry into a complaint without being able to interview the complainant and obtain the information that would be necessary to undertake a more robust enquiry.

4. Such person(s) shall:
 - consider the complaint and, if necessary in order to determine disputed issues of fact, interview the complainant and those subject of the complaint². They may refer issues to the Corporation's auditors (external and/or internal) or other independent advisers as they feel appropriate; and
 - produce a written report of their findings in relation to the complaint and provide the complainant and the Corporation with a copy of such report as soon as possible. In any event, they shall produce an interim report within 28 days of the complaint being referred to them.
5. The Corporation at its next scheduled Board meeting after receipt of the findings of the investigation shall consider the findings and determine whether they find the complaint substantiated in whole or part and, if so, what, if any, remedy should be granted to the complainant. Where the complaint relates to one or more specified Board Members or the Clerk those persons shall withdraw and take no part in the discussion of the investigation outcome.
6. The Clerk to the Corporation/Chair of the Corporation shall within seven working days of the Board's determination of the complaint provide a written response to the complainant and to those subject of the complaint confirming the decision of the Corporation in relation to the complaint, with reasons for its decision. The response may include details of any arrangements for pursuing the matter with any relevant external body (e.g. the Secretary of State for Education and the Education and Skills Funding Agency).

² There is no legal right to be accompanied at such meetings but consideration may be given to whether interviewees should be entitled to be accompanied and, if so, by whom.

POLICY ON PUBLIC ACCESS TO CORPORATION REGISTERS

1. REGISTER OF INDIVIDUAL MEMBERS

The register of individual members of the Corporation will be made available for public inspection by contacting the Clerk to the Corporation. The home addresses and home telephone numbers of Corporation members will not be disclosed, and where work addresses are not available if requested by the member the member's address will be c/o Farnborough College of Technology.

2. REGISTER OF MEMBER'S INTERESTS

Members of the Corporation are required to complete on an annual basis a form disclosing financial and other interests of themselves and close family members. A schedule of interests is prepared from the completed documentation and it is that schedule which is available for public inspection

The Schedule of Members interests will be available for inspection by request from the Clerk to the Corporation during normal office hours.

No copies of the register of interests shall be taken and details of members' private addresses and telephone numbers will not be disclosed.

Date reviewed:	March 2022

Corporate Approval:	Audit Committee

1. Introduction

- 1.1 The College is committed to maintaining the highest standards of honesty, openness and accountability and to conducting its business in a responsible way, taking account of public funds, the requirements of funding bodies and the standards required in public life.
- 1.2 The College recognises that from time to time individuals may have a genuine concern about an actual or potential risk, fraud or other illegal or unethical conduct.
- 1.3 This policy seeks to reassure individuals that it is acceptable and safe for them to raise such concerns without the fear of detriment and to provide a clear procedure for doing so. All the disclosures (i.e. the sharing of information relating to potential wrongdoing) will be acted upon promptly, sensitively, fairly and properly. All disclosures will be treated confidentially to the extent that this is compatible with a thorough investigation and where this is deemed to be necessary.
- 1.4 This policy incorporates the requirements of the Public Interest Disclosure Act 1998, which was introduced to encourage employees to raise concerns in a responsible way where they believe there is malpractice or wrongdoing and when they do so, to protect them from detriment.
- 1.5 The purpose of the legislation is to encourage employees to raise their concerns through appropriate channels rather than, for example, publishing them in the media.

The Public Interest Disclosure procedure provides for the implementation of a fair process by:

- 1.5.1 Defining the routes for internal and external disclosures.
- 1.5.2 Stating that disclosures which are made without malice and in good faith will not lead to detrimental actions being taken against the member of staff making the disclosure.
- 1.5.3 Safeguarding the confidentiality of those making disclosures.
- 1.6 The procedure being followed does not seek to modify the statutory rights of staff in connection with public interest disclosures.
- 1.7 The procedure provides an opportunity for detecting and dealing with malpractice at an early stage and, as such, is to be used to avert potentially, adverse and damaging publicity.

2. Scope & Purpose

- 2.1 The following persons are defined as coming within the scope of the procedure:
- all employees of the College including apprentices, interns, casual and temporary staff;
 - self-employed persons working under contract to the College, contractors and suppliers, except as excluded at 2.2 below;
 - workers whose services are supplied through an agency.
- 2.2 The following persons are excluded from the procedure:
- governors (except staff governors);
 - students (except if employed by the College);
 - self-employed professionals, such as accountants and solicitors, operating under client confidentiality.
- 2.3 The procedure covers instances where an employee has reasonable grounds for believing that malpractice has occurred, is occurring or is likely to occur. Malpractice is taken to include but the list is not exhaustive:-
- the committing of a criminal offence such as theft, fraud, bribery, corruption, financial irregularities, dishonesty, sexual offences, physical assault, malicious damage to College property, illegal use of drugs or drink.
 - failure to comply with a legal obligation;
 - creating or ignoring a risk to health and safety;
 - creating or ignoring a risk to the environment;
 - acting so as to create a miscarriage of justice, for example over a student or staff disciplinary matter;
 - a serious breach of the College codes of conduct;
 - the deliberate concealment of information concerning any of the above.
- 2.4 The procedure does not cover:
- grievances about an individual or collective employment situation;
 - disagreement about College policy where this has been enacted in conformity with the Articles and Instruments of Government.

3 Raising a Complaint

- 3.1 An employee may choose to raise concerns with their line manager. The manager will report the matter to the Principal or Clerk to the Corporation. The matter will then be followed up by either of these individuals, requesting that one of the designated persons listed below, meet with the employee to discuss their concerns. Or in exceptional circumstances a decision will be made to proceed directly to the action set out in 3.6 of this procedure. The employee will be informed of any intended action no later than five working days after the matter has been raised and reported to the Clerk or the Principal.
- 3.2 An employee may choose to raise their concern by approaching the following *designated person*:
- Director of Finance and Corporate Services

The chosen designated person will arrange a confidential meeting to discuss the

concern.

- 3.3 The employee may express their concern by writing to a designated person prior to their meeting to discuss matters. Alternatively, the employee may prefer to raise the matter orally only at the meeting. In either case the designated person will take full written private notes of the meeting, which should not identify the complainant.
- 3.4 The designated person will report orally the alleged malpractice either to:
- the Principal, or
 - the Vice-Chair of the Corporation Board.
- 3.5 The report will not include the name of the employee raising the concern, without that person's express permission. It will be a serious disciplinary offence to communicate the employee's name to the alleged perpetrator of malpractice.
- 3.6 The Principal or the Vice-Chair, will decide from among the alternative course of action, following consultation with the College's legal advisers, if appropriate:
- to establish an Enquiry Panel under the College Disciplinary procedures where a breach of the staff code of conduct, or some other serious disciplinary offence has been alleged;
 - to inform the Chair of the Audit Committee of the intention to commission the College's internal auditors to investigate the allegation and submit a report to that Committee;
 - to inform the Chair of the Board of the intention to request that the appropriate regulatory body (for example, an examining or awarding body, the Health and Safety Executive) investigate the allegation and make their report available to the Board;
 - to inform the Chair that the matter is being placed in the hands of the police;
 - to advise the Chair that a complaint has been made but that no action is being taken under these procedures.

After receiving the report either of an internal Enquiry Panel or of an external investigation, the Principal or the Vice-Chair will consider what action, if any, should be taken under the College's Disciplinary procedures.

- 3.7 The employee originating the concern must be informed orally, by the designated person, of any decision concerning action intended to be taken by the College within five working days of the concern having been raised with them. In the event of a decision to take no action under these procedures, the employee may be advised by the designated person as to whether action is being taken by the College, or is capable of being initiated by the employee, under an alternative and appropriate procedure. The designated person should make a private note of the meeting.

4 Employee Safeguards

- 4.1 An employee who has reasonable grounds for suspecting malpractice should, in the first instance, follow the internal procedure outlined in Section 4.
- 4.2 An employee who complains internally about malpractice in good faith and for reasons other than personal gain will not, as a result of making the complaint, suffer detriment in any aspect of their employment relationship with the College.

4.3 Where an employee can show reasonable grounds for believing that notwithstanding the procedure and safeguards outlined in 4.1 and 4.2

- they will be subject to detrimental treatment if they raise the matter internally;
- the relevant evidence will be concealed or destroyed by the employer;
- having made a disclosure according to the procedures outlined at 3.1 and 3.2, the response of the College cannot reasonably be taken as appropriate;

then, *in any of these circumstances*, they have a statutory right to make a public interest disclosure. Such a disclosure must be made in good faith, be substantially true, and not made for personal gain.

4.4 The College recognises the right of employees to consult their legal adviser at any time in a matter of public interest. Should an employee believe that circumstances have arisen as described in 2.3, they are strongly advised to seek legal advice as to whom it might be reasonable to make disclosure and the extent of statutory protection likely to be afforded. It should be noted that where an appropriate regulatory body exists, disclosure should, in the first instance, be made to the regulator. List of all regulatory bodies can be found at <https://www.britishservices.co.uk/association.htm>

4.5 The College recognises the right of public interest disclosure, but must also safeguard its own interest against attempts at improper exercise of that right. Where an external disclosure:

- falls outside the limits identified at 2.3 or
- is made maliciously or viscously

then the safeguards described at point 4 will not apply. In these circumstances, action will be taken under the College disciplinary procedures and consideration be given as to whether a breach of the employee's duty under the contract of employment has occurred.

5. Monitoring

The Principal or Clerk to the Corporation will report to the Corporation the number and nature of disclosures, which have been made. Complainants' names will not be disclosed in the report.

6. Data Protection

When an individual makes a disclosure, the College will process any personal data collected in accordance with its data protection policy. Data collected from the point at which the employee makes the report is held securely and accessed by, and disclosed to, individuals only for the purposes of dealing with the disclosure.

RELATIONSHIP BETWEEN GOVERNORS AND THE EXECUTIVE

'Governance is the act of governing – not managing. Governance provides strategic leadership and direction to an organisation. It sets and approves policies and the budget, defines expectations, delegates powers, and verifies performance towards delivering its strategic aims and objectives. The most important aspect is an appropriate division of responsibilities between strategic governance by the governing body and operational management by the College's senior management team led by the Principal. This approach would be underpinned by the right level of checks and balances.'

(Definition of good governance from *Creating Excellence in College Governance*, report by Susan Pember, AoC 2013)

Fundamentally, governance is focused on the strategic direction of the college, settings its aims and monitoring its performance, not only financially but in teaching and learning and learner outcomes. Governors do not manage the college; a Chief Executive and managers are employed to do that, however, governors are accountable for the way public funds are used.

The role of the governing body is to ensure that the college is being managed well by being informed at an appropriate level and asking appropriate questions. Governors should not be seeking every detail of college performance but do require an overview of data that indicates trends and issues and compares performance with other providers.

Leadership of colleges is shared between governance and management working in partnership to provide the best possible quality of provision for learners, employers and the community, within a broader national and international context. But beneath these abstract concepts it is people in the roles of governors and managers who observe the distinctions or blur them. It is possible to characterise differences between governance and management, for example:
